

## Spring 2011 DLC Meeting Wrap-Up

Over 150 participants gathered in San Antonio, TX from April 4-6, 2011 for the Spring 2011 Federal Depository Library Meeting. GPO thanks all the members of the depository library community for making this meeting so interesting and such a success. Topics such as the future needs and goals of the FDLP, progress with FDsys, and permanent public access to digital material were discussed. Participants also had the opportunity to meet and network with Public Printer Bill Boarman, Superintendent of Documents Mary Alice Baish, and with members of the Depository Library Council.

Transcripts, conference proceedings, and a conference slide show from the April 2011 Federal Depository Library Council meeting are available from the Federal Depository Library Council Meeting [page](#).

The transcripts provide a verbatim record of the discussions held by Council on April 4 – 6, 2011 in San Antonio TX. Included in the transcripts:

- \* Opening remarks from William Boarman, Public Printer of the United States and Mary Alice Baish, Superintendent of Documents.
- \* 6 additional council sessions on the FDLP Desktop, Future Needs & Goals of the FDLP, PACER, FDsys, Permanent Public Access to Digital Material and the Council Wrap-Up

The proceedings include educational presentations and handouts (if they were provided to GPO by the presenter), the final schedule of events, and the final agenda.

Certificates of Attendance are being emailed to attendees who requested them during registration. Be sure to look for them in your inbox shortly.
